WARMTH AND RELAXATION FOR REGENERATING REST

MADE IN ITALY

OUR VISION

TAKING CARE OF YOUR REST TIME AND TURN IT INTO WELL-BEING

Sleeping and resting well are essential factors for our health and well-being, an indispensable function for the maintenance of the utmost psycho-physical efficiency. For this to happen, we must obtain optimal muscular relaxation during the hours we are asleep and resting, that is accompanied by the maintenance of a correct posture of the spine.

STARTING PRECISELY FROM THESE ELEMENTS AND FROM THE NEED TO IMPROVE INDIVIDUAL WELL-BEING AND THE QUALITY OF LIFE, WE HAVE DEVELOPED A NEW TECHNOLOGY,

carbon relax

THAT MAKES IT POSSIBLE TO GENERATE WARMTH THAT IS EVITALISING, EMBRACING AND SAFE.

We have created an **ergonomic heating mattress cover, flexible, resistant and safe with anti-static properties.**

WE HAVE **TOTALLY ELIMINATED** THE USE OF **ELECTRICAL CABLES**

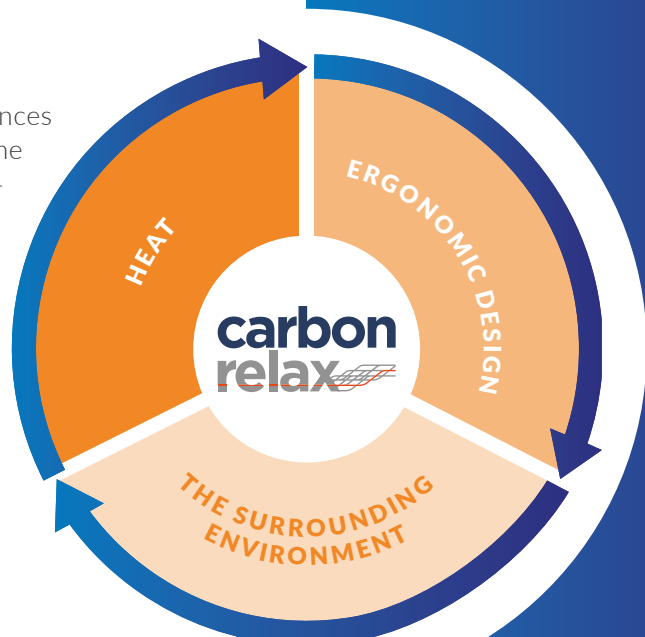

and with this also the problem of bothersome protuberances that could not guarantee a correct posture of the spine. If the spine is forced to hold an incorrect, non-physiological position, it does nothing more than worsen the muscular tension also while you sleep and consequently you do not sleep well.

WHEN SPEAKING OF WELL-BEING, WE FOCUS ON PROPER DIETARY HABITS AND PHYSICAL ACTIVITY AS INDISPENSABLE ELEMENTS TO ACHIEVE AN OPTIMAL STATE OF WELL-BEING.

UNFORTUNATELY, LITTLE IMPORTANCE AND ATTENTION IS PAID TO THE QUALITY OF REST AND SLEEP, AS A PSYCHO-PHYSICAL REGENERATOR OF OUR BODY.

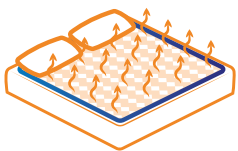

A GOOD REST DEPENDS ON THE QUALITY OF THREE FACTORS:

- HEAT
- ERGONOMIC DESIGN
- THE SURROUNDING ENVIRONMENT

THE USE OF THE **CARBON RELAX TECHNOLOGY** TOGETHER WITH THE **EXTREMELY LOW-VOLTAGE POWER** SUPPLY (ONLY 12 VOLT) MAKES IT POSSIBLE TO OBTAIN **100% SAFE**

UNIFORM AND CONSTANT HEAT, CAPABLE OF RELAXING THE MUSCULAR TENSION ACCUMULATED THROUGHOUT THE DAY AND TO OBTAIN THE RIGHT AMOUNT OF MENTAL AND PHYSICAL RELAXATION, FOR A REPLENISHING NIGHT'S SLEEP.

For all these reasons, we can make sure that we sleep and rest well by creating a more suitable environment, by not using too many bedcovers, but by sleeping covering ourselves with quality materials and at an ideal temperature.

It is not good for your health to sleep in a bed at a temperature that is too high; this could lead to an inevitable, sudden awakening or to disturbed sleep, incapable of carrying out its primary refreshing function.

We can guarantee you the right, regenerating and relaxing warmth for your body. Indulge in the healthy warmth that the innovative Carbon Relax technology provides.

DOLCE DORMIRE

ENJOY ITALIAN COMFORT
IN YOUR OWN HOME

DOLCE DORMIRE CREATES THE COMFORT THAT DID NOT EXIST UNTIL NOW, A COMFORTABLE AND LIGHT MATTRESS COVER.

DOLCE DORMIRE is an extremely innovative product with **cutting-edge technical characteristics and textiles**, capable of fulfilling the most demanding needs in terms of performance and safety. It has been studied and designed to improve the well-being of your body.

DOLCE DORMIRE is an ergonomic heating mattress cover, the distribution of heat is uniform and constant over the entire heated surface, providing a sensation of widespread, relaxing and regenerating warmth.

DOLCE DORMIRE is the concrete solution for those who wish to take care of themselves, of others as well as the environment in which they live: the **innovative Carbon Relax technology** prevents the formation of **harmful electromagnetic fields** and **overheated areas**. The extremely **low-voltage** power supply (12V) makes it **100% safe** even if it gets accidentally wet, **eliminating the risks of electrocution and electric shock**.

DOLCE DORMIRE ALSO HAS ANTI-STATIC PROPERTIES THAT MAKE IT POSSIBLE TO ABSORB AND DISSIPATE THE ELECTRIC CHARGES ACCUMULATED BY THE BODY THROUGHOUT THE DAY, IN THIS WAY PROVIDING AN ANTI-STRESS AND RELAXING EFFECT, YOU CAN USE IT ALL YEAR ROUND.

ONE PRODUCT
THAT, AT THE
SAME TIME,
PROVIDES MANY
BENEFITS

THE ERGONOMIC HEATING
MATTRESS COVER THAT IS

- FLEXIBLE
- RESISTANT
- SAFE
- ANTI-STATIC PROPERTIES

**WELL-BEING

WAVES

SAFETY EXTRA LOW
VOLTAGE

SAFE EVEN IF
ACCIDENTALLY WET

100% SAFE

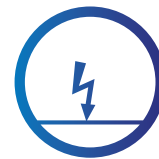

TAKE A PRODUCT HOME WITH A REFINED **ITALIAN DESIGN** AND AN **INNOVATIVE TECHNOLOGY** THAT PROVIDES **WELL-BEING, WARMTH** AND **COMFORT**

UTMOST COMFORT FOR YOUR MIND AND BODY

The **total absence of electrical cables** makes it possible to eliminate protuberances and pressure point, guaranteeing the body and every vertebra of the spine its natural position in order to benefit from the utmost well-being. **DOLCE DORMIRE substantially improves the experience of use, significantly increasing comfort, well-being, facility of use and handling.**

SAFE AND HEALTHY

The extremely low-voltage of only 12 Volt reduces the impact of harmful electromagnetic radiation. In this way, it is possible to generate heat that is good for both humans and for the surrounding environment. **Moreover, DOLCE DORMIRE has hypoallergenic, anti-bacterial and anti-mite properties.**

ITALIAN DESIGN

The utmost flexibility blended with its unique design and fine fabric – a priceless experience of Italian well-being.

FLAME RETARDANT

Flame retardant yarns are especially designed to fulfill the most demanding requirements of international fire regulations.

CREATED FOR YOUR BODY

DOLCE DORMIRE was not designed to heat your bed up ... **DOLCE DORMIRE** was especially created for you body, to make sure it receives the right degree of regenerating and relaxing warmth.

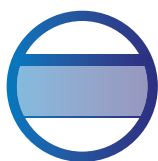

ENERGY SAVING

The utmost efficiency of the Carbon Relax technology guarantees a reduction in energy consumption, approximately 35% less than technologies currently in use, with a consequent energy saving.

ECHNOLOGICAL
INNOVATION.**

HOW IT WORKS

The on-board electronics is controlled by the **CONTROL UNIT**. The control unit makes it possible to manage the timer and power functions.

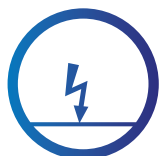

TIMER

This allows the 4-level timer to be set, from 1hr to 9hrs, with an **automatic shut-off device** at the end of each programme, **in case you forget** to switch it off.

POWER

This allows **4 levels of power to be selected** and it also has a **“Boost” function** for rapid heating.

AUTOMATIC SHUT-OFF SAFETY DEVICE, in case of malfunction.
